2 THE ACT AND RULES AT A GLANCE

A framework of the Factories Act; 1948 (Amended up to 1987) and the Gujarat Factories Rules, 1963 (amended up to 1995) is given in Table 27.1 to understand the subject matter and inter-relation of Sections, Rules, Schedules and Forms in brief. This helps in speedy search of subjects. The latest Statute book for these provisions must be kept in each factory and with each .Safety Officer.

Table 27.1: Framework of the Factories Act & Rules

Sec	Subject	Rule No.	Sch.	Form No.
	Chapter – 1 : Preliminary			
1	Title, extent & commencement	1		
2	Interpretation (Definitions) Hazardous	2, 2A	1 st Sch.	4A, 26, 27
	processes

3 SUBJECTS OF THE SCHEDULES

The Schedules under the Factories Act and The Gujarat Factories Rules contain exhaustive details of the provisions regarding safety and health measures. The subjects of these Schedules are mentioned in Table 27.2.

Table 27.2 : Schedules under the GFR

Sr. No.	Subject of the Schedule	The Number of			
1101		Sch.	Rule	Sec.	Form
1	Hazardous industries.	1 st	-	2 (cb)	-
2	Hazardous chemicals, TLVs & STELs	2 nd	-	41F	-
3	Notifiable Diseases	3 rd	-	89,	-
				90	
4	Conditional exemption of factories from	Sch.	16	11	7

4 SUBJECTS OF THE FORMS

Some 46 forms have been prescribed under the Gujarat Factories Rules, 1963. To know their subjects and ease for implementation, their headlines are mentioned in Table 27.3

Table 27.3: Forms under the GFR

Form No.	Subject	Rule No
1	Permission to construct or start a factory, to be submitted in duplicate with plans	3
1A	Stability certificate	3C
1B	Application to the site appraisal committee to be submitted in 15 copies	68-I
2	Application for Registration and licence, to be submitted to triplicate.	4
3	Application for renewal of licence, to be submitted in duplicate.	4, 7
3A	Notice of change of Manager,	12 A
4	Licence to work as a factory	5
4 A	Certificate of competency.	2A
5	Fitness certificate for young person.	15
6	Humidity Register	23
7	Record of Limewashing, Painting etc.	17
8	Register of workers attending moving machinery.	54, 55
9	Test report of hoist of lift.	58
10	Test report of lifting machines	60
11	Test report of pressure vessel	61
11A	Test report of water sealed gas holder.	61 A
12	Register of compensatory holidays	84
13	Overtime register for exempted workers.	85
14	Notice of working hours of adults	87
15	Register of adults workers	88
16	Notice of working hours for child workers	92
17	Register of child workers	93
18	Resister of leave with wages	94
19	Leave books (copy of Form No. 18) for workers	95
20	Health Register.	15, 102
21	Accident report for death or injury	103
21A	Report of dangerous occurrence not resulting in injury	103
22	Notice of poisoning or disease.	104
23	Abstract of the Act & Rules.	106
24	Annual return under the F.A. and other Acts	107
25	Half yearly return	107
26	Application for competency certificate (Person)	2A
26A	Test report of local exhaust ventilation (Dust/ Fume Extraction System).	102
27	Application for competency certificate (Institution)	2A
27A	Fitness certificate	102
29	Muster roll	110
29	Register of Accident / occurrences.	111

30	Special fitness certificate (Lead compound Sch. 6)	102
31	Inspection Books.	112
32	Health Register.	68T, 102
33	Fitness certificate (Hazardous process/ operation)	68T, 102
34	Deleted	-
35	Nomination for leave-wages	100
36	Identity card	110A
37	Format for work environment monitoring.	12B.

5 SOME ABSTRACT OF THE ACT AND RULES

Actually the structure (tables) given in the foregoing part gives also the abstract of safety, health and welfare provisions stating the subject of each section, rule, schedule and the form in one line. This is most useful to study the whole law on a particular topic at a time.

See the statutory Form No. 23 for the Abstract of the Factories Act 1948 and the Gujarat Factories Rules, 1963. This abstract is readily available and is to be displayed on the notice board in each factory. Therefore it-is not repeated here.

Most of the chapters of this book also provide relevant subject under the heading of Statutory Provisions. Thus the abstract of the Factories Act and Rules is already divided chapter wise at proper places. See the theme of each chapter to search the relevant statutory provisions.

See Part 6.3.8 of Chapter-6 and Part 2 of Chapter-? for 'Statutory requirements under the Act & rules.

Notwithstanding that a brief abstract of the provisions pertaining to Safety, Health and Welfare is given below. For full details the readers are advised to refer the Statute Book.

5.1 Safety Provisions:

Chapter 4 and 4A (sections 21 to 41H) and chapter 9 (sections 87 to 91 A) of the Factories Act 1948 and rules made there under (Rule 54 to 68Y and 102 to 104 of the Gujarat Factories Rules 1963) give provisions pertaining to industrial safety. Some major aspects are as under:

Machine Guarding: All moving parts of prime mover, flywheel, turbine, lathe, motor, generator, transmission machinery (shaft, wheel, pulley, belt, coupling etc.) should be securely fenced by guards. Only trained workers are allowed to work (test, lubricate, examine etc.) near machinery in motion and without guard. No women or young person is allowed for such work. Self acting machines (e.g. planning m/c) revolving machines, (e.g. grinding wheel, revolving basket, etc.) dangerous machines (power presses, milling m/cs, guillotine m/cs, circular saws, platen printing m/cs, hoists, lifts and lifting m/cs) and ginning, textile, wood-working and rubber-mill machines and their dangerous parts must be securely guarded and interlocked as prescribed.

Pressure Plant: Section 31 -and Rule 61, 61 A & 61B provide that all vessels operating at a pressure higher than the atmospheric pressure should be considered as "pressure vessels' and examined externally at 6 months, internally at I year and hydraulically at 2 years (4 years for vessel in continuous process) by a competent person. Safety valve, pressure reducing valve or pressure regulator, rupture disk, pressure gauge, stop valve, drain cock etc. should be provided and well maintained. Safe pressure limit shall never be exceeded. Pressure reduction or repair shall be carried out as suggested by a competent person.

Floors, Stairs, Means of Access shall be safely maintained and steps, platforms, fencing; handrails etc. shall be provided.

Pits, Sumps, Vessels, Tarik, Floor- openings etc. shall be securely covered, fenced or guarded.

Excessive weights are prescribed under rule 62 for male, female and use of hand cart No person will lift, carry or move more weight than that. Eyes, shall be protected from flying particles or excessive light as per schedule 1 & 2 under rule 63.

Precautions against dangerous fumes, gases, dust, vapour etc. are necessary. Manhole of prescribed air/gas test, safety work-permit, safety belt, size, enclosure, exhaust/venting, prevention or removal of toxic or inflammable substance etc. are prescribed.

Fire Precaution under section 38 and rules 66, 66A and 67 require measures to prevent out break of fire and its spread, safe means of escape, fire extinguishers, trained staff, hydrants, sprinklers, trailer pump etc.

Safety Officers are required for all factories employing more than 1000 workers and also by those hazardous factories notified by the Government. The Gujarat Safety Officers (duties, qualifications and conditions of service) Rules, 1983 prescribe their duties, status, qualification and need of possessing degree or diploma in Industrial Safety.

Hazardous industries are listed in the 1st Schedule of the Act, hazardous processes in 4th Schedule of Rule 68J(GFR) and hazardous chemicals in Schedules I to 3 of the Rule 68J(GFR). Provision of site appraisal committee is not implemented by many states including Gujarat. Information of hazards and control measures should be given to workers, inspectors and the public. Onsite & Offsite emergency plans, qualified supervisors, medical examinations and health records, occupational health centre, factory medical officer, ambulance van, control of permissible exposure limits (TLV & STEL) given in 2nd Schedule are required for hazardous factories. Safety policy, safety committee and removal of imminent danger are prescribed.

Safety audit is to be carried out internally once in a year and externally once in two years. Public likely to be affected out side the site is to be informed about major accident hazard and "DOS" and "Donts" for that. Occupier has to dispose off all hazardous material on site before closure of manufacturing process and to inform the inspector (Notification dated 2-6-2006).

For workers in hazardous process pre-employment and six- monthly periodical medical examinations by a factory medical officer, report in form No: 32, 33, qualified supervisors, occupational health centre for workers more than 50 and ambulance van for workers required. List of notifiable diseases is given in the 3rd Schedule of the Act. It should be reported in Form No. 22 u/r 104. Rule 102 requires medical examination, local exhaust ventilation, washing facilities, protective clothing, medical requisites, spacing, cloakroom, mess room, vacuum cleaning, cautionary notices, prohibition of food, drink etc. in workrooms, waste disposal method etc. under different schedules.

Notices of Accidents and Diseases are required in form No. 21 & 22. Dangerous occurrences (Fire, explosion, gas leak, collapse etc.) are also to be reported in form No. 21A.

Special provisions are prescribed for dangerous machines, reaction vessels, polymerising & curing machines,, thermic fluid heaters, fragile roofs, ovens & driers, ship building, repairing and breaking, hazardous chemicals, processes and chemical works, electroplating, carcinogenic dye-intermediates, asbestos, solvent extraction plants, CS, plants, high noise, pottery, foundry and cotton dust. Amendments of 1995 in GFR provide details thereof. (See Ref No.IO at the end).

5.2 Health Provisions:

Chapter 3 (Sections II to 20) chapter 4A (section 41C) and chapter 9 (Sections 89 to 91A) of the Act and rules made there under (Rule 16 to 53, 68R to 68X, 102 and 104 GFR) give provisions pertaining to occupational health and hygiene. Some major aspects are as under:

Factory should be kept clean, white washed, or colour washed. Doors, windows etc. shall be painted. Waste & effluents be rendered innocuous. Room temperature should be less than 30°C (80°F), air movement more than 30 mt /min, ventilating opening more than 15% of the floor area and mechanical ventilation (air changes) should be six times the workroom volume per hour. Dust & fumes should be removed by exhaust ventilation. Artificial humidification should be controlled as per the table of dry and wet bulb temperatures. No overcrowding permitted. Breath- air volume per worker should be at least 14.2 m3 with room height limited to 4.2 mt. Natural and artificial lighting is required with avoidance of glare, shadows and eye-strain. Light intensity may very from 20 to 1000 Lux depending on nature of work i.e. depth of observation required. Drinking water should be sufficient, clean and cool where more than 250 workers employed. At least one water centre for 150 workers required. Latrines, urinals and spittoons should be clean and in hygienic condition. For males and females, latrines and urinal shall be of prescribed number and dimensions. They shall be whitewashed every four months.

5.3 Welfare Provisions:

Chapter 5 (Sections 42 to 50) and rules made thereunder (69 to 83A, GFR) give provisions pertaining to welfare of workers. Some major aspects are as under:

Facilities of washing/bathing, storing & drying, clothing, sitting, first-aid, ambulance room, canteen, shelters, rest room, lunch room, creche and welfare officers are required. One first-aid box for every 150 workers, ambulance room for more than 500 workers, canteen for > 250, restroom & lunch room for > 150, creche for > 30 female workers and welfare officers for > 500 workers are required. Welfare Officers (Recruitment and Conditions of service) (Gujarat) Rules, 1963 prescribe number of welfare officers, their qualifications, duties, etc. The size and type of rooms for canteen, rest/lunch room, creche ambulance etc. are also prescribed.

For other chapters and the provisions see the full text of the Act.
